

## Level 3 - Full On Fashion

This 24 page **Full On Fashion** workbook introduces Juniors or Teens to using a sewing machine AND progressing their hand sewing, design and appliqué skills. Learn all the parts of a machine, how to thread it, sew, turn corners and sew lock stitches, plus how to sew a hem, a casing, decorating a skirt and belt and planning an appliqué design for a bag.

Make a very simple skirt with elasticated waist, plus a matching sash belt. Embellish if desired, then design, decorate and make a cool appliqué tote bag.

**Ideal for either BEFORE or AFTER Stitched Up book.**

**\* IDEA FOR RECYCLING THEMES - GET PUPILS TO BRING IN OLD FABRICS FOR THE BAG, BELT AND APPLIQUE !!**

- *\*We recommend starting your stitchers on a Sewing Machine at Age 8, and only once they have mastered basic hand-sewing skills so that they can also hand sew the appliqué and decorate the sewing machine projects. The projects in each book are also suitable right up to early Teens – each project can be embellished and adapted to suit the skill level of your pupils.*
- *\*\* When buying books packs only, please note this does NOT contain the teaching plans OR the patterns/images/templates CDR's for the course. This is for those who have already purchased the starter pack and need more books for further pupils.*
